Dumpsters in Residential Areas

The City of Hagerstown is committed to ensuring the health, safety and welfare of all residents and visitors. We appreciate the contributions made by homeowners to maintain their properties and help make Hagerstown a great place to live. At times, the City must reach out to property owners to address Code issues adopted for the betterment of the entire community.

One such issue involves dumpsters in residential areas. Dumpsters, large waste receptacles designed to hold recyclables or refuse, are prohibited on residential properties. Dumpsters shall be permitted on residential properties on a limited, temporary basis not to exceed fourteen (14) days. All temporary dumpsters shall comply with the provisions of the City Code.
