Some of the housing in Maryland that was constructed prior to 1978 contains lead-based paint. Lead-based paint may present a serious health hazard. Pregnant women and children under the age of six are particularly susceptible to the health problems associated with lead poisoning. If the home you own was built before 1978 there is the potential it may have lead-based paint. If you would like more information regarding the hazards of lead-based paint please contact the Maryland Department of the Environment (MDE) at 410-631-3859.

If you have lead-based paint in your home the Maryland Department of Housing and Community Development (DHCD) may be able to provide financing for the cost of lead hazard reduction activities. If you would like more information about financing for reducing the hazards of lead-based paint, please contact your local housing rehabilitation office or Special Loan Programs (SLP) at 1-800-638-7781.

Federal regulations require that all applicants for property rehabilitation answer the questions below so DHCD will be in compliance with existing lead-based paint guidelines.
