

**RECYCLE OFTEN.  
RECYCLE RIGHT.™**

## **RECYCLE OFTEN. RECYCLE RIGHT.**

Due to global changes in the recycling industry, Waste Management is asking your community to help combat recycling contamination. You will experience some changes in your curbside recycling collection program. For programs to be successful, all participants must make an effort to change recycling habits.

**IN ORDER TO KEEP VIABLE RECYCLING PROGRAMS, WE MUST STOP CONTAMINATION AT THE CURB. YOU CAN HELP BY FOLLOWING THESE NEW RECYCLING RULES:**

- No plastic bags of any kind will be accepted. Please place material loose in your recycling bin or cart.
- Make sure you are only recycling plastic bottles, plastic jugs and plastic jars. Any other plastic shape must go in the trash.
- Glass is no longer accepted for recycling. Glass runs hard on our machines and can jeopardize the quality of other good recyclables.
- Containers that held food should be rinsed free of food debris and liquid.

Now that you know the rules of recycling,  
go out and share your knowledge!

**START BY FOLLOWING WASTE MANAGEMENT**
